

EDENDALE LODGE

A Country retreat with 24 hour care in a truly homely environment.

Edendale Lodge provides a home for the older person who may be living with dementia and are no longer able to live independently without some support.

Set in the idyllic countryside in a peaceful setting on Station Road, Crowhurst, East Sussex, Edendale Lodge provides specialist residential care for those living with Alzheimer's, Dementia, Parkinson's and other life-changing conditions.

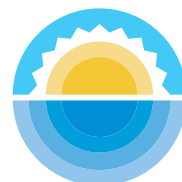

As Dementia specialists our team of professionals are highly trained and skilled in providing care for those living with dementia who may have complex needs. We pride ourselves on the individual care we offer and believe that your home is our home.

Edendale Lodge provide a warm and loving home in an environment that is stimulating yet peaceful and dignified. Our team provides excellent care and supports residents to have a meaningful life in a safe and enabling environment. We welcome residents from not only the local area but also from further afield. The team at Edendale Lodge have forged many relationships with the local community, such as the local primary school who visit regularly.

“Edendale Lodge is managed with dedication and compassion from the top down. Residents are given dignity and respect and there is always a fun and friendly atmosphere”

If you are no longer able to live independently, or require some form of companionship, we can offer long-term, short-term and respite with as little as one night stays for people over the age of 55 and are waiting with open arms.

Experience Edendale Lodge for yourself

As a family run business we understand the importance of family. When individuals come to live with us they join our family and are treated with the same respect and care. We never forget that delivering outstanding care is paramount and communication with people is key to this. We would be delighted to share with you our services and vision, get in touch and book your tour. We're looking forward to meeting you.

Prior to new residents joining us we carry out a full assessment of their needs, preferences, medical condition and personality. On arrival our staff make every effort to settle a newcomer into the home, a process that can be disorientating for an elderly individual unless handled with genuine care and concern. A personal care plan is then developed through consultation with the individual, their family, friends and care professionals.
