

WHY CHOOSE US?

At Alpha Health and Care Services, we're known for our outstanding support in the realm of supported living. Our dedication is to improving the lives of individuals, addressing a wide range of needs, from the most straightforward to the highly intricate. Our commitment to bespoke care sets us apart, establishing us as the go-to choice for those who desire independence coupled with tailored assistance.

Here at Alpha Health & Care, our role is to assist our clients in living their lives to the fullest, aiding them in finding and pursuing their purpose with our steadfast support.

Our expertise ensures that we are exceptionally equipped to offer the best possible care. We recognise that a home is not just a physical space but a haven of memories, comfort, and stability, especially during times of significant change. By choosing us, you entrust us with more than just care; you entrust us with maintaining a sense of normalcy and warmth in the place you cherish most.

OUR FAMILY, YOUR FAMILY

Being a family-operated agency, we deeply recognise the significance of family values and how they shape the quality of care we deliver. Every client is seen as part of our extended family, guaranteeing they are treated with the same degree of love, respect, and attention we would wish for our own family members.

“

Supported Living is an ideal solution for those who wish to maintain their independence while receiving assistance with daily activities.

UNDERSTANDING HOME CARE WITH ALPHA HEALTH AND CARE SERVICES

Home care is more than just a service; it's a means of nurturing well-being in the comfort and familiarity of one's own home. The choice of a home care provider is pivotal, as it directly influences the quality of life and independence of those we care for. At Alpha Health and Care Services, we don't just provide support; we bring expertise, compassion, and a deep understanding of the nuanced needs of each individual.

WE'RE HERE TO HELP

We excel in creating personalized care plans tailored to individual needs. We meticulously assess every detail of a person's care requirements, prioritizing what is most important and relevant.

“When considering home care for yourself or a loved one, the first step is identifying the specific type of care required. This may encompass personal care, companionship, dementia care, or live-in care.”
