

ANGUSFIELD
HOUSE
CARE HOME

NURSING | DEMENTIA | PALLIATIVE CARE

WELCOME TO ANGUSFIELD HOUSE

Situated in the West End of Aberdeen, with great access to both the city centre and Hazlehead Park, Angusfield House offers high-quality Nursing, Dementia and Palliative Care for up to 40 residents.

Our kind and dedicated experienced team support residents 24 hours a day, with residents choices and needs at the forefront of all that we do. We pride ourselves in ensuring that individual care needs and provisions are provided through personalised care planning and collaboration with residents and their loved ones.

Every day is different at Angusfield House with a varied and vibrant programme of events based around residents' interests and our minibus provides the opportunity for day trips locally and further afield.

Our chefs are proud to provide restaurant-quality, nutritious meals, ensuring all tastes and dietary needs are catered for.

EXCLUSIVE CARE IN A HISTORICAL SETTING

Our period home is filled with personality as our bedrooms, the majority of which are en-suite, are set across two historical buildings: one a former boys' school, and one a ministry of defence building. Each has its own dining room and communal lounge with a quiet lounge connecting the two, so a peaceful spot is never far away. Our mature garden areas to the rear of our home boast a large patio space and potting shed for residents to enjoy.

The benefits of group living, together with the exceptional standards of care at Angusfield House, mean that every day can be enjoyed to the full.

We look forward to welcoming you
