WELCOME TO AVON COURT

Avon Court Care Home, situated in the market town of Chippenham, provides nursing, residential and nursing memory care for those living with dementia.

Avon Court is a friendly and welcoming space where residents are made to feel part of a family and at home from day one. Each of our spacious 56 bedrooms feature ensuite facilities, and shared areas are bright, comfortable and fully wheelchair accessible. We encourage residents to make the home their own by decorating their rooms with their furniture or beloved possessions.

We prioritise person-centred care built around each resident's unique medical and personal needs. Our highly trained staff prioritise offering structure and support, protecting dignity and promoting independence wherever possible through routines that feel meaningful and familiar to each resident.

LIFE AT AVON COURT

Whether in our homely sitting rooms, dedicated hobby spaces, or our landscaped garden and patio, there is plenty of space to relax or enjoy the company of friends and family.

No two days are the same, with a full timetable of activities curated by our Wellbeing Coordinators and many hobbies to enjoy, from helping tend to our garden to writing, dancing, playing chess, or taking a local excursion in our specially adapted minibus.

Care is always delivered with consideration and compassion, guided by personalised care plans that make each resident feel valued and secure.
