Testimonials

“

Very first impression is that the premises are clean, tidy and well kept and cleaned regularly, with no nasty smells. All residents are well cared for and all their needs are met. The staff are happy and enthusiastic in their work. There is a positive atmosphere as soon as one enters the building. All other residents are cheerful, well-fed and obviously well-cared for. I would definitely recommend this home.

Mum has only been at Kathleen Chambers House three weeks, but the early signs are excellent. Mum has settled in nicely. She has a key worker assigned to her, all the staff and many of the residents know her now. She does daily activities including listening to poetry, quizzes, crafts and reminiscing. The food is great, Mum and her room are always spotless. Security is very efficient and I am always greeted with a smile. Nothing is too much trouble.

I have found the staff at the home to be consistently friendly and helpful, and I have always been made to feel welcome when I visit. Staff are always quick to assist my father when he uses the staff call buzzer. The whole house seems to be kept at a very high level of cleanliness, and the food seems to be of good quality. I have seen the activity programme and was quite impressed with what was being offered. The management is extremely approachable and is always available for a chat. Thoroughly recommended.
