THE CARE YOU NEED AND  
A LIFESTYLE YOU DESERVE

### Specialist Care

Our highly qualified and dedicated staff provide exemplary standards of care to those with high dependency needs and disabilities, and to those who are terminally ill or infirm. We also offer specialised respite care. All our residents have different needs, so we work closely with them and their families to create a personal plan of care, one that adapts as needs change. You'll find everyone here knowledgeable, friendly and above all, welcoming.

### Beautiful Surroundings, Inside and Out

Located in the tranquil suburbs of Cults in Aberdeen, Deeside Care Home has been designed to exacting standards and provides a premier lifestyle to those who choose us as their home. In addition to our recent investment programme to create luxurious bedroom suites and state-of-the-art lounge and dining areas, our new atrium hosts a Café bar, Cinema room and Hairdressing Salon & Spa for all of our residents to enjoy.

### Person Centred Care

Ensuring the well-being of our residents means concentrating on all the small details. Our onsite Chefs provide a varied menu of high quality food, catering to preferences and dietary requirements. There's always something going on – we have a range of activities, planned outings and plenty of areas for socialising. Or you can simply relax in our beautifully landscaped gardens. We focus on providing high levels of quality and choice, so everyone can have the lifestyle – and home comforts – they wish.
