

FLEETWOOD HALL
CARE HOME

Welcome to your new, really caring, care home

Put the kettle on and get comfy, as we tell you all about why our residents love living at Fleetwood Hall.

Going against the grain of what people perceive care homes to be, we didn't want to just create a place that felt like home to our residents, we wanted to create a place they were excited by.

With restaurant facilities to make every mealtime feel like a proper dining experience and stimulating activities on a daily basis, there's always something to keep our residents entertained. Plus, with an on-site hair & beauty salon, bad hair days are few and far between.

Our Fleetwood Hall residents are in good hands when it comes to our services and facilities

Care type:

- ✓ Residential
- ✓ Dementia

Facilities:

- 🏠 Purpose built care home
- 🛏 62 spacious en-suite bedrooms
- 💇 Hair and beauty salon
- ✂ Bright & airy dining rooms
- 🚰 Range of communal areas
- 🌳 Attractive enclosed gardens
- 🅑 Visitor car park

Each Sandstone Care home has its own unique personality and features.

But what we do keep as standard, is our high quality care.

We've struck up the perfect balance of creating a community atmosphere, whilst making sure everyone feels like they've got their own privacy and space.

Here's what to expect...

Trained and knowledgeable staff who take time to get to know our residents' likes and dislikes – from how many sugars everyone takes in their cuppa to making sure all the favourite Soaps are recorded, we've got it covered.

24-hour care – so there's always someone around for a midnight natter.

Specialist dementia care – the team are there to assist with every request and manage a range of needs.

En-suite shower rooms and spacious private bedrooms – with adjustable beds, a flat screen TV and high speed Wi-Fi.

A hair and beauty salon – to keep everyone looking and feeling their best.

Locally sourced ingredients and delicious home-cooked meals – with an on-site chef and no washing up? Yes, please!

Modern and bright dining room – so no one eats alone. However, in-room meals can be arranged if preferred.

A range of communal areas, lounges and enclosed gardens – from green-fingered enthusiasts to board game pros – there's something for everyone.

“As soon as you arrive at one of our homes you’re treated as part of the family – staff, residents and their loved ones included. We understand the importance of creating a safe and secure environment but more importantly a fun one!

A place where personalities can still thrive, and hobbies flourish.”
