WELCOME TO HESKETH PARK LODGE

Situated beside its beautiful namesake, Hesketh Park Lodge is a modern, purpose built care home which has been thoughtfully designed to ensure the very best of comfort and care for our residents. Southport is a thriving Victorian seaside town with a wide range of amenities and organised events throughout the year.

Our caring team provide comprehensive, compassionate and dedicated care personalised to the needs of each individual resident, 24 hours a day.

We are dedicated to ensuring that Hesketh Park Lodge is a happy, vibrant and fun place to live. Our varied and engaging activities programme inspires communication, social interaction, movement, reminiscence and more, with regular outings in the local area and beyond.

Our chef and catering team work hard to create a varied, nutritious menu with seasonal ingredients, tailored to individual preferences and dietary needs.

“My mother came to Hesketh Park at a very difficult time... She was very, very poorly, we were distraught and grateful for the support they offered. I have given 5 stars but I would give more.

EVERYONE at this organisation stepped up. They were outstanding.”
