EXCELLENT & AFFORDABLE CARE

Supporting Residential, Respite and Dementia care in a wonderful tranquil, peaceful environment with a wonderfully inviting & engaging community spirit.

My father went into Edendale at very short notice. It was an anxious time for me, but **Dad settled in straight away**, and the staff quickly got used to his sense of humour and his little quirks. As his health has gradually needed more care, they have adapted his care plan and kept me fully up to date. One member of staff supported my dad and I with a hospital appointment. I couldn't have managed without him. **I'm so grateful to the whole team.**

Edendale Lodge is a brilliant carehome. The staff are fantastic, and the care they give my mother-in-law is brilliant. She is very well cared for and always looks very smart and clean. **She is very happy there.**

Whenever I go for a visit I'm always greeted with happy faces from staff in a **clean and relaxing environment.** My mother-in-law couldn't be in a much more loved place. **I am so pleased we chose Edendale.**
