WELCOME TO LIME TREES

Lime Trees is purpose built care home offering residential and residential dementia care in Shrewsbury for up to 66 residents.

Modern yet traditional in style, Lime Trees offers high standards of accommodation and facilities throughout. Our stylish ensuite bedrooms are fully fitted with furniture, TV and mini fridge and we offer a choice of rooms from standard rooms, some with direct garden access and our suites.

For socialising within the home, there are a variety of beautiful day spaces available including quiet lounges, a coffee bar, a library, and a bright and airy garden room. We provide a full programme of activities that cater for every interest and ability, as well as excursions in our specially adapted minibus. We even have our very own cinema with fresh popcorn machine where residents can share their favourite films together, and our skilled chefs provide nutritious and delicious meals to ensure that mealtimes are always something to look forward to.

A HOME TO MAKE YOUR OWN

Our team do all they can to make sure that care is adapted to the unique preferences and requirements of each resident. Personalised care plans allow us to deliver person-centred care that protects our resident's dignity and independence.

By prioritising an active lifestyle, our attentive and extensively trained team provide round-the-clock care while getting to know our residents on an individual level.

At Lime Trees, care means listening with kindness and curiosity: our care team are proud to ensure privacy, dignity and respect, while fostering independence, confidence and wellness for each of our residents.

We look forward to welcoming you
