MILLENNIUM CARE

Millennium Care has decades of experience in providing care services across four key areas; Respite, Residential, Nursing and Specialist Dementia Care.

Every individual living within the Millennium Care family has a care plan tailor-made to their individual needs and more importantly, their wishes.

We believe in the importance of offering person-centred care by respecting the aspirations and preferences of each resident and ensuring their specific needs are met in full.

Everyone in our care is encouraged to remain as independent as possible and flourish through our focus on social interaction and wellbeing.

We want our family to maintain a high quality of life through choice and empowerment.

A warm welcome To Lakeside

As a registered nurse, I have worked in care for over 30 years and consider this role to be my true vocation.

Providing care for vulnerable people every day is a humbling experience.

My motto is 'Health is our wealth', something which we practise daily at Lakeside with our staff and family of residents.

I lead a happy home at Lakeside and pride myself in embracing everything with a smile and laughter.

I am fortunate to have a happy workforce who, in turn, make our residents, their loved ones, and our animals happy too.

I am a mother of 4 and love spending time with my family, walking and gardening, and fundraising for cancer related causes.

CARE THAT GOES *above and beyond*

Located just north of Wigan, Lakeside is a luxurious setting, nestled amid trees and nature, near the stunning Worthington Lake.

Guests are greeted by a grand entrance, accessed by a tree-lined driveway in mature gardens. On arrival, it becomes clear that Lakeside represents the highest of standards across scenery, furnishing, and above all, care.

From the moment you walk through our doors, you become a part of our family.

With ample recreational space, superb amenities, and comfortable furnishings throughout, our residents are encouraged to enjoy life at their own pace. Meanwhile, those seeking only short term residence can unwind and recuperate in picturesque, tranquil settings.

Lakeside has been customised to support our residents' every needs. Our system of lifts, luxurious en-suite bathrooms, and wheelchair

accessible grounds and rooms mean the building is set up to be whatever you need it to be.

Our medical facilities are second to none. Coupled with the latest equipment for our supported physical activity sessions and sensory enrichment facilities, we can ensure that your care experience will be both safe and comfortable.

CHOICE

it's what makes it your home

Independence is greatly encouraged here at Lakeside and a big part of that is your choice to pursue any hobby or activity you'd like. Whether that's getting crafty in one of our art sessions, baking in our residents' kitchen, or spending time on our expertly maintained bowling green – the choice is yours.

There's a beautiful garden for all of our green-fingered residents and ample space for you to continue to enjoy your favourite hobbies whatever they might be.

At Lakeside, we believe that variety is the spice of life which is why we organise so many activities, from the physical to the sensory, days out and parties.

We ensure the same level of choice for our residents at mealtimes, offering an array of dishes served as part of a restaurant dining experience. Whether it's a traditional Sunday roast, a Catch of the Day special, or a selection of indulgent desserts, every dish is a delight.

IN YOUR *words*

"I am treated with the utmost respect here. Nothing is too much trouble and you only have to ask to receive immediate attention.

The staff are fantastic, the home is fantastic, overall, I can't complain. The activities are a godsend. They keep us extremely busy and help us build friendships. I wouldn't hesitate to recommend this home to any other person."

YOUR WELLBEING

is our priority

We encourage our residents to live life the way they would outside of a care home – whether that’s socialising in one of our exquisite lounges, taking part in a range of physical activities or simply taking a stroll through our scenic environment.

As a member of the Lakeside family, there’s always something to keep guests happy – whether on their own, in a group or in a one-to-one session with a carer.

INTERACTIVEME SOFTWARE

At Lakeside, we are passionate about getting as much as possible out of the 1-to-1 sessions we have with our residents.

To ensure this, we have invested in the award-winning InteractiveMe Occupational Therapy-led service to enhance our person-centred care and activity delivery.

The app is designed to be used by our care home staff and family members while they spend time with residents.

Residents receive individual plans which are used to document the 1-to-1 support they receive and includes their life story, photos, videos, music, and even allows families to connect to their loved one via our web-app if they feel comfortable using it.

STIMULAKE PROJECT

Recovering from a stroke can be a difficult journey, but with the support of our StimuLake programme, we can help you to start living life independently again.

At Lakeside, we understand that the psychological effects of a stroke can be just as profound as the physical effects and our StimuLake programme is designed to help rebuild confidence, strength and independence.

Our Occupational Therapist, Zofia, works on building fitness through exercise while Ash, our Activities and Wellness Coordinator, works to rebuild confidence, trust, and wellbeing.

ORGANISED ACTIVITIES

As much as we encourage freedom of choice and independence at Lakeside, we also know that it's nice to have the option of taking part in something someone else has organised!

Throughout each month, residents are invited to enjoy movie nights and take part in supported physical activities and sensory enrichment. We also go on days out either in our own minibus or our Morris Minor car for that extra dash of nostalgia and reminiscence.

FABULOUS AMENITIES

Comfort, safety, and a healthy dose of luxury are all prerequisites at Lakeside.

Our shared spaces include beautiful greenbelt locations close to Worthington Lake, three spacious and elegant lounges, an in-house salon and massage therapist, our Rawsthorne retreat lodge, and – coming soon – a bespoke hydrotherapy pool!

For private spaces, each resident gets their own, personalised bedroom with the majority of rooms having en-suite facilities, lifts for access, wheelchair access, and easy-to-reach nurse call systems.
