Friendly boutique-style  
residential care

# Your Home

---

Mulberry Court is a boutique care home set in the heart of Chalfont St Peter in Buckinghamshire. Our small, friendly home has been beautifully refurbished, and with just 23 bedrooms, it is modern yet homely and personal.

## Meet the Manager – Emma Cole

I believe that people living at Mulberry Court should have the best life possible. My approach to care is to treat every person I meet with kindness, compassion and graciousness. I have worked for The Fremantle Trust since 2004 and my role is to set high standards and to make sure that the whole team meets them in all aspects of home life.

I look forward to meeting and spending time with every resident on a daily basis, listening to them and being part of their lives. I love to share stories and ideas about how to make life at Mulberry Court even better.

I'm always visible within the home, I'm here to listen and I look forward to meeting you and your family. Please do contact me at [emma.cole@fremantletrust.org](mailto:emma.cole@fremantletrust.org)

# Daily Life

---

We have three lounges, two dining rooms and a lovely garden. These are perfect places for relaxing or enjoying the day. One of the lounges doubles as a visitor room so that families and friends can safely visit.

Everyone can stay in touch with family and friends using the latest technology. There is free wifi throughout the home. There are always plenty of things going on to keep you occupied, including pursuing your hobbies, clubs, visiting entertainers and trips out.

We have strong community links, and we work with local groups to bring different locally focused activities into the home. There are many local facilities within the vibrant artisan community, and we are happy to support you in visiting them. We'll even

arrange transport if you've picked up too much to carry back!

We are committed to providing high standards of personalised care. We use digital care plans which means you can share information with your family about how best to meet your needs, if you so choose.

We are passionate about the safety and wellbeing of everyone. We have exemplary infection prevention and control standards. Every member of our teams is trained in all aspects of care, cleanliness and health and safety.
