What to expect from Noble

Our team are trained to work with all adults aged 18+.

We support people with physical and learning disabilities; health conditions like MS and dementia; brain and spinal injuries; life-limiting diagnoses; and later life care needs.

We offer a minimum of seven days support, or longer to meet your needs.

We specialise exclusively in live-in care, so we know what works for our customers and develop our processes and training to match.

We assist with catheter, conevne and stoma care, PEG feeds and physiotherapy exercises. Our specialist training will give you confidence in our support.

We work with privately funded, and partially or wholly Local Authority/NHS funded clients. We can help you understand your options.

We support adults living alone, with a partner (with or without care needs) or with family.

We offer long-term care to empower to you to live an independent, full life, your way.

We offer reablement care (min.7 days) to help you get back on your feet after an operation, illness or hospital stay.

We offer palliative and end-of-life care to support you to spend your remaining time comfortably at home with family and friends.

We belong to a group of companies who offer daily visiting care and complex, nurse-led home care so you can stay within our group if your needs change.

Our fees are comparable to residential care giving you a financially realistic alternative and often favourable way of life.
