★★★★ Our Reviews ★★★★★

“ I selected Keate House after reading reviews and their CQC report. It was the best decision I have made for my dad. The attention to detail about my dad's needs is outstanding and I feel that they have got to know him and his needs well. His care has been continuously positive and respectful. The communication system is, again, outstanding. The staff are warm and caring towards relatives too. It is very well run, with an approachable and visible management team. I would recommend Keate House without hesitation. ”

“ The staff are amazing - kind, welcoming, respectful of resident and family, cheerful and full of fun. They meet Mum's physical, mental and emotional needs with compassion and good humour and, overall, she is happy. I am kept informed: weekly emails, monthly newsletters, and weekly video calls which I greatly appreciate as I live abroad. I recommend Keate House unreservedly: pleasant rooms and lounges, beautiful gardens, very good facilities and, most importantly, brilliant, thoughtful staff. ”

“ I cannot recommend Keate House enough. They provide a brilliant entertainment and activity programme; the home is well decorated, and the facilities are brilliant. The garden is just lovely too. The staff were always respectful, kind and caring to both my grandad and to our family. ”

“ Mum has been a resident at Keate House for five years and I am extremely happy with the care she receives. I cannot say enough about the care staff, they are a wonderful caring team. I undoubtedly recommend Keate House. ”
