WELCOME TO PERRY LOCKS

Perry Locks is a friendly care home situated in a peaceful area of Birmingham, offering residential, nursing, and dementia care for up to 128 residents.

Each of our 128 ensuite bedrooms are well-appointed and fully wheelchair accessible, and residents are welcomed to bring personal items to make their space truly their own.

Perry Locks provides a variety of communal areas for residents to relax, dine, and socialise. Nutritious and locally sourced meals served in our ambient dining rooms are a highlight of each day.

Internally, comfortable sitting rooms and hobby spaces are complemented by our very own pub. For a spot of pampering, we have an on-site hair salon. We also boast a lovely garden and conservatory where residents can enjoy some fresh air or soak in the sun in good company.

A HOME TO MAKE YOUR OWN

Our Wellbeing Coordinators work with residents to plan a varied programme of year-round events, excursions in our specially adapted minibus, and daily and weekly activities. While we enjoy celebrating special occasions together, we also know it's often the little things that matter most, which is why our team are proud to help residents create a routine that brings joy.

Our extensively trained team offer personalised care, focused on maintaining residents' comfort, independence, and wellbeing in a warm and supportive environment. Personal care plans consider individual medical, personal, and dietary needs as well as hobbies and preferences, to make Perry Locks a true home from home.

Perry Locks offers a fun, safe, and inclusive space for our residents, where kindness and quality care go hand in hand.

We look forward to welcoming you

Residents at Perry Locks enjoy:
