

At Primrose Bank we love animals, but unfortunately we have a few restrictions on pets.

Unfortunately we can't allow resident's own four legged friends to take residence at Primrose Bank along with their owners. We do however love it when they come to visit, and it's an open door where that is concerned. We just ask that visitors be mindful around other resident's who may have allergies and dislikes

We do have our own two Primrose Bank Dogs - Sisters Molly and Willow - who visit the home regularly to say hello.

We also regularly have events such as zoo to you and other animal therapy sessions as part of our extensive activities schedule
