We proudly introduce **St Mary's Lodge**, a thoughtfully designed quality care centre in Hull.

Finished to the highest specification with the aim of providing first class care, comfort and support in relaxing surroundings.

A place to call home

Our aim is to provide the highest possible quality of care, where residents feel valued, secure and are happy. Our fully trained and carefully selected staff encourage our residents to retain their own independence and are on hand to support where needed.

Dementia-Friendly

Our themed artwork and tactile wall murals stimulate conversation and memories with relatives and staff, and allow residents to identify the different areas of the home.

Community

We offer a vibrant calendar of activities and events, and place a strong emphasis on building thriving community links with like-minded neighbours and organisations.

Independence

Enabling our residents to maintain their independence and achieve their full potential, be that physical, intellectual, emotional or social, is central to our care.

We believe this can be achieved by individually nurturing residents, exploring and understanding their needs with the appreciation that care requirements may change and that the team will be responsive to those changing needs.

Friendly and welcoming

Our care centres are friendly and welcoming places where residents can live in a community where compassion, kindness, knowledge, skill and confidence combine to offer respectful and dignified care.

We take pride in everything that we do and provide the highest standard of hospitality, from front of house and housekeeping to catering; we are passionate about delivering quality and an excellent service.

PURPOSE-BUILT DEMENTIA SUITE

We strive to deliver the highest levels of dementia care to our residents, helping them to live well in a homely environment.

Our trained, experienced and compassionate care team will devise a bespoke care plan so you can rest assured your loved one will receive person centred care.

With access to a wide range of social and creative pursuits which encourages inclusion, along with beautiful gardens in which to relax and remember.

A SENSE OF
BELONGING IS
AT THE CORE OF
EACH OF OUR
CARE HOMES
