## WELCOME TO THE SANDIACRE COURT FAMILY

Here at Sandiacre Court, we offer residential, nursing and dementia care as well as short-term respite care.

Our home is situated in a scenic location which offers a friendly atmosphere and supports homely surroundings. Our residents enjoy a spacious and comfortable interior that benefits from regular redecoration through the year.

Our rooms are en-suite and can be personalised to individual taste. Some of our rooms have direct access to our beautiful courtyards and gardens. For couples we can configure connecting rooms as a suite.

Our facilities also include activities room, hair dressing salon, sensory room, spacious lounges and dining rooms walking out to gardens, additional private quiet lounges.

**WiFi is provided throughout the home and many residents enjoy video calling with their families with our easy to use tablets.**

## PERSONABLE, PROACTIVE AND WARM CARE

Our aim is to create a happy, homely atmosphere in a safe and comfortable environment. The right to choice, privacy, dignity, individuality and confidentiality is respected. Our intention is to provide the best possible standards of care so all residents will enjoy the best quality of life according to their personal circumstances.

We recognise that being cared for will never be exactly the same as being totally independent in one's own home, which is why we focus on providing high standards of care which makes Sandiacre Court Care Centre feel like a home away from home.

The dedicated team at Sandiacre Court have been caring for our residents since we opened our doors in 2015. Staff and residents have become like extended family and we don't employ temporary agency staff.

## REVIEWS

### Overall Experience

All I can say is wow, what a difference in her physical/mental condition.

### Overall Experience

In my view, this is the best care home around.

Very pleasant staff, courteous and attentive.

I can only hope that I would be fortunate enough to be a resident here if and when my time comes.
