Care so good, it's *unexpected*

Discover The Burlington

At The Burlington, we believe in quality care. **Care so good it's unexpected.** Care that leaves our residents feeling truly valued and empowered and their loved ones at ease and content.

Our care is complimented by fine environments, built to enable our residents to live the best possible life.

What sets us apart is our unwavering commitment to providing personalised, lifestyle-led care to each resident who comes through our doors.

While quality is our obsession, small is our strength. We're nimble, responsive and professional. We cherish the intimacy of our tight-knit communities, allowing us to build genuine connections with our residents and their loved ones.

It's a *feeling*

At The Burlington, we believe care is more than just a service; it's a profound feeling of comfort, security, and genuine connection.

We strive to create an atmosphere where residents feel truly valued, cherished, and at home, surrounded by a caring community that supports their unique needs and aspirations.

And for their loved ones, we're confident the moment they walk through our doors, **they'll get that feeling, *this is the one.***

“ Moving Mum into a care home was one of the hardest transitions my family had to make but we were put at ease the second we contacted The Burlington.

Since moving in, the entire team have supported Mum with all aspects of her care and we have seen such a difference in her!

We haven't looked back since and would recommend it to all of our friends for their loved ones. ”

Daughter of Resident

Care so good, it's *unexpected*

Residential Care by The Burlington redefines comfort, fosters a genuine sense of belonging and ensures every day is filled with joy and shared experiences. Our expert team empower residents to live life in the way they choose, meaning that every resident has an experience as unique as they are.

Nostalgia Care by The Burlington offers specialist dementia care and celebrates the individual behind each memory, enriching lives with comfort and security. Our commitment goes beyond expectations, ensuring that every resident's journey with dementia is treated with respect and dignity.

Short Stays by The Burlington are an immersive experience, where every stay is more than a break – it's an opportunity to refresh, experience exceptional care and make friends in a vibrant community.

“ From the moment we took my aunt to The Burlington, it was clear that she was going to be very well cared for. To see the connections she has established with the team fills me with reassurance that **we made the best decision for her.** ”
