Welcome to Walton Manor

part of the Autograph Care Group.

Hello, I'm Adam - Founder of Autograph.

My journey into care didn't begin at the start of my career; I worked as a lawyer in London. But everything changed when my Nana was diagnosed with dementia. Experiencing the challenges of finding the right support for her was humbling. I saw firsthand just how difficult and overwhelming it can be for families, and it sparked a passion in me to make a meaningful difference for others facing a similar journey.

In 2019, I founded Autograph with a vision to build a caring organisation that puts people first. To create homes that feel welcoming, supportive, and comforting for those looking for care for themselves or a loved one. Places that feel like home, where kindness, dignity, and compassion are ever present.

Today, I'm incredibly proud to support our homes, our teams, and the communities we serve. And it's my hope that your experience with Autograph brings comfort, reassurance, and helps you to create meaningful memories.

Adam

Our Care

At Walton Manor, we're proud to provide a truly personalised & collaborative approach to caring for you and your loved ones. We're dedicated to delivering person-centred, compassionate care and evolving support with comfort, kindness and dignity.

Residential Care

Life in our residential care community is as vibrant and stimulating as it is peaceful and fulfilling. We are passionate about helping our residents continue to lead an active, independent lifestyle with the right level of care and support, whenever it's needed.

Integrated communities

Loved ones living with dementia thrive and engage together with our residential communities. Memory Care residents are empowered by trusting relationships filled with love and kindness, enabling them to continue to live life as the person they always have been.

Our Walton Manor Team

At the heart of our care home is a very special team of people, dedicated to providing exceptional care, love, and support to our residents, their families, and friends. Our highly experienced team is driven by compassion and the desire to create moments of happiness every single day. Combining their knowledge with kindness, they know how to encourage and empower residents to feel a sense of achievement. They take the time to learn about your loved one's likes, dislikes, and the wonderful lives they have lived, making them the person we are privileged to care for today.

Activities and Wellbeing

Activities and wellbeing are at the heart of daily life and our care home community. Our passionate Activities Team spends time getting to know each resident and their families, encouraging them to do what they love, try something new, or simply enjoy the things that matter the most. Together, we create a rich and fulfilling environment where everyone feels valued.

Whether it's the joy of song with an entertainer, a perfect afternoon tea with friends, trips to the theatre to watch the panto, or a quiet afternoon in the garden, every activity and event is designed to bring happiness, connection, and a sense of independence.

By blending creativity with award-winning resources, we create everyday joy, kindness, and friendship to enrich the lives of those we care for. 

Shared spaces

Life at Walton Manor is enriched by carefully designed communal spaces.

From the warmth of the summer sun to the crisp beauty of a winter's morning, you and your loved ones can enjoy the seasons from the comfort of our pretty conservatory.

A quiet game of chess or the soft sound of the piano, it's a space filled with the simple joy of being together.

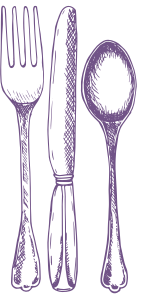

With quiet grandeur, our elegant library and drawing room provide a peaceful corner for relaxation, reading, or a moment of reflection.

And when it's time for a little pampering, our on-site hair salon is the perfect place to feel refreshed in a familiar and friendly setting.

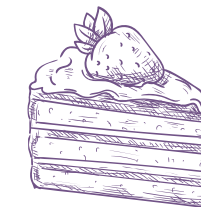

Dining at Walton Manor

We take great pride in the dining experience our residents enjoy. From freshly baked treats and hearty breakfasts to a delightful array of snacks, everything is prepared with care by our talented kitchen team. We understand just how important mealtimes are to our residents. More than just nourishment, they are moments of comfort, conversation, and routine, thoughtfully woven into the rhythm of each day.

All meals are cooked fresh on site, using the finest seasonal ingredients and locally sourced produce wherever possible. Menus change regularly and are carefully crafted to be nutritious, delicious, and always tailored to meet individual dietary needs.

Whether it's a comforting favourite or something new to try, we make sure every meal is memorable.

Safe and serene gardens for all

Tucked behind walled gardens in a quiet residential area, Walton Manor is surrounded by mature trees that almost seem to watch over the home and our beautifully kept grounds.

Our landscaped gardens are calm and inviting, with peaceful seating areas to enjoy the gentle sounds of nature. Raised beds are ideal for our green-fingered residents to grow their favourite flowers and plants.

Sun-kissed terraces provide safe, tranquil spaces where residents can relax and share special moments with family. In the warmer months, the garden comes to life with joyful garden parties, afternoon teas, and community celebrations, filling the air with laughter, music, and a true sense of togetherness.

“

The carers, domestic and kitchen staff are always so cheerful and happy, and literally nothing is too much trouble to ensure my Mum is well looked after and her needs are met.

It gives me great peace of mind to know Mum is here and as a family, we treat Walton Manor as home from home - just how it should be.

Thank you to everyone at Walton Manor.
