“As a family, we are confident that our mother is in a caring environment, treated with respect and her dignity is foremost. We also feel confident that her mental and physical well-being is well-considered.”

Veronica D
(Daughter of MACC Care Resident)

“My relative was very poorly and upset after moving through several hospitals when she arrived. Everyone was so kind and helpful that she has gradually settled and is so much better than she was, all thanks to their care and support.”

What sets us apart

Watermead Rose provides a unique environment. Bordering lovely Watermead Park, the home offers residents and their families and friends stunning views, gentle walks and the therapeutic benefits of green space and nature, right on the doorstep.

In keeping with its parkland backdrop, the home is divided into comfortable lodges. Hamilton Lodge on the ground floor features two rooms equipped for the delivery of professional bariatric care.

To support personal enrichment and nurture a sense of wellbeing, Watermead Rose offers a wide choice of activities and events, tailored to residents' hobbies and interests.

Thurmaston village has great shops and local amenities. A bus stop right outside the home means Leicester city centre can be reached within a matter of minutes – perfect for days out and trips to the museums, galleries or theatres.

Watermead Rose is located next to Watermead View, an exclusive development of private apartments for the over 55s from MACC Retirement. Such close proximity is perfect for couples with differing health and care needs, and adds to the sense of community.

“The team is delighted to welcome residents and their loved ones to Watermead Rose - a wonderful, inclusive care home community where individuals can be themselves. Whether you need respite care for rest and recuperation or are considering longer-term care, we are here to help.”
