**THE LODGE IS THE PERFECT BALANCE OF CARE,
COMPANIONSHIP AND INDEPENDENCE.**

"All the staff are helpful and friendly, the home is clean and the food good with different activities."

My mother now has the care that she needs and deserves, we are so glad that we found The Lodge as I don't think my mother would have got any better looked after anywhere.

I would like to take this opportunity to thank all management and staff for everything."

The care home from home experience...

Delicious home cooked food and baking, a choice of two dining rooms, comfortable and spacious lounges and 40 delightful bedrooms, ready to be personalised with individual furnishings to make it even more like home.

A REAL COMMUNITY SPIRIT

We're in the centre of the village and proud to be active in the local community. We believe this can help the people we support enjoy an even more varied social life and continue to feel a part of the local community.

TRANQUIL, ACCESSIBLE AND EASY

With raised borders for gardening activities, our tranquil courtyard is wheelchair accessible, as are all living areas and our bright, comfortable bedrooms.

TIME FOR YOU

With great food perfectly prepared for all needs and tastes every day, and the household chores taken care of, there's more time to do the things you love most. Our dedicated activity coordinator ensures there is always something to look forward to, and visits to our in-house hair salon add that extra bit of sparkle!

The salon is staffed by a professional hairdresser who visits regularly and charges very reasonable rates, but independently to the home.

We pride ourselves on providing a safe and comfortable environment that feels like home, with excellent person-centred care. Our team thrive on supporting people to realise their physical, emotional, and social potential.

CARE BUILT AROUND YOU

We are committed to ensuring the people we support and their families are fully involved in care planning and key decisions affecting their lives. It is important to us that individuals have choice and control in their outcomes. Because everyone is different, we tailor our care plans to the unique needs, preferences, strengths and skills of each individual.

DIGNITY AND RESPECT

Our team respects and enables the people we support to live dignified lives and stand by the principle that the needs of the resident come first. We promote each individual's right to privacy and independence, with each resident entitled to private accommodation. This is a safe, secure space to use as and when they wish, to store belongings and invite guests to.

THE FREEDOM TO CHOOSE

Tastes and routines vary, and we understand that people will not always feel like being active or sociable. We work hard to ensure that our residents' lives are full of choice and opportunities to do the things they love, when they feel like it. From suggesting favourite foods for our menus, to recommending activities for our lifestyle programme, or even having a leisurely morning when the mood takes, we're here to support people to enjoy their life their way.

GREAT TEAMWORK, AMAZING PEOPLE

Great teamwork begins with amazing people and we offer continued training and support to help our staff to learn, develop and achieve their ambitions.
