# WELCOME TO TRINITY HOUSE CARE HOME

At Trinity House we offer exceptional levels of person-centred care and the highest possible quality of life, in terms of both luxurious surroundings and support that cater for all the needs of our residents.

Situated in Craighall Road, within a pleasant residential area of North Edinburgh, Trinity House has been designed with our residents in mind, offering both ease of access and comfortable accommodation for up to 55 residents.

From the moment you walk into Trinity, you will be surrounded by the finer things in life – from a stunning open plan reception and extravagant spacious living areas to a state-of-the-art cinema room, beauty salon and fabulous dining areas – Trinity has it all and more.

We work hard to ensure our residents have the best of everything we have to offer, in terms of both accommodation and support. From the moment you arrive, our team will do everything possible to ensure that your stay is welcoming, comfortable and you feel safe and at ease.

Our whole ethos focuses on the word ‘home.’ It’s important that Trinity House feels like home and offers all of the home comforts that you would expect, whatever that means to each individual. The sense of home is also about the little things, such as a family meal in the private dining area with your loved ones, or getting stuck into a book in your own little world in the library.

Three brown leather bar stools with dark wood legs are tucked under the bar. On the bar, there are several glass decanters filled with fruit and a silver tray with a menu. Behind the bar, a wooden cabinet with glass doors displays various glassware and decorative items. In the background, a black grand piano is positioned near a large window with patterned curtains. A small table with four chairs is set up near the piano. The room has a warm, inviting atmosphere with wooden accents and soft lighting.

# OUR FACILITIES

At Trinity House, we are all about caring for the health, wellbeing and interests of our residents as a whole. We aim to provide a quality of life which enables individuals to retain their independence and enjoy a first-class standard of living. We pride ourselves on the standards of care delivered by our highly trained and motivated team.

As well as providing twenty four hour nursing care through a method known as key nursing, our staff are fully trained and qualified to deal with all aspects of dementia and respite care.

We understand some of our residents move to Trinity simply to enjoy a new lifestyle free from the stress and upkeep of housekeeping and maintenance while others require a little more support and care – whatever the reason, Trinity has something for everyone.

At Trinity there is no shortage of things to do or activities to take part in. Our team of Activities Co-ordinators offer a varied programme which residents can pick and choose from.

# A WARM WELCOME AWAITS...

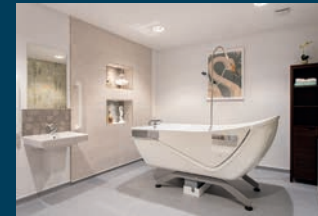

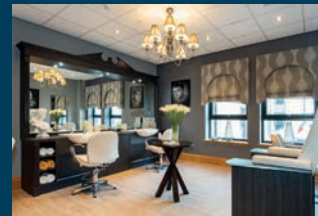

We understand that settling into your new home is very important which is why within your first 24 hours, you will have met with your dedicated staff member, discussed your care plan and any particular requirements you may have. We try to accommodate furniture and personal items to create a familiar comfortable environment.

We know just how pleasing a beautifully presented and tasty plate of food can be which is why our on-site Chef offers an exceptional standard of cuisine, catering to specific requirements and preferences each day like you would have at home. From mouthwatering dishes to snacks and afternoon tea, there is an unrivalled choice on offer.

Combine this with gorgeous surroundings and first class facilities and it's fair to say - at Trinity House, we aim to exceed all expectations.
